

Het model Colombo heeft een vlotte, verfijnde uitstraling. De kussens, bestaande uit een harde kern van schuimrubber omgeven met een dekbed van veren, geven de sofa een uitnodigende en comfortable look. Het fijne onderstel zorgt ervoor dat de zetel licht blijft in uw interieur. Het is een heerlijk comfortabel model dankzij verschillende beschikbare zitdiepte's en optionele hoofdsteunen. Het model is verkrijgbaar in canapé, hoek en chaise longue. Al deze elementen zijn individueel aanpasbaar en combineerbaar, zo stelt u zelf de ideale zetelcombinatie samen voor uw interieur.
